

## MPI Quality Policy

MPI, a leading manufacturer of fineblanked, stamped, and assembled components, is committed to develop, maintain and implement a Quality Management System that is compliant to the latest revisions of the ISO 9001 and IATF 16949 Quality Standards. MPI will comply with all applicable requirements including customer requirements. MPI will continually improve the quality management system.

A handwritten signature in black ink, appearing to read "Steve Li", is positioned above the text "President & CEO".

President & CEO
