

MPI Environmental Policy

MPI, a leading manufacturer of fineblanked, stamped, and assembled components, is committed to develop, implement, and maintain an Environmental Management System that is compliant to the latest revision of the International Standard ISO 14001, and to setting environmental objectives. The MPI leadership team is committed to:

- Continual improvement of the environmental management system to enhance environmental performance.
- The protection of the environment, including prevention of pollution.
- Compliance with all applicable federal, state, and local requirements.
