

MPI Quality Policy

MPI, a leading manufacturer of fineblanked, stamped, and assembled components, is committed to develop, implement, and maintain a Quality Management System that is compliant to the latest revisions of the ISO 9001:2015 and IATF 16949 Quality Standards. MPI will comply with all applicable requirements including customer requirements. MPI will continually improve the quality management system.

A handwritten signature in black ink, appearing to read "Omer Kuller", written in a cursive style.
